

# Postdoc grant 2017. Instructions for the Prisma application form

For the postdoc grant no co-applicants are allowed, you cannot therefore invite participating researchers.

Observe that all character limitations include spaces.

## Basic information

### Project title in Swedish (max 200 characters)

The title should be formulated so that the project's purpose is evident and so that laymen may understand. The project title is often used on its own and should therefore be formulated with care.

### Abstract in Swedish (max 2000 characters)

Write an abstract of your previous research, emphasizing your PhD thesis, and describe your planned future research. The purpose of the abstract is to inform Forte's evaluators and decision makers about the project. The abstract should be able to stand on its own, which is why you should make no references to other parts of the application. It is also important that laymen can understand the abstract.

### Project title in English (max 200 characters)

The title should be formulated so that the project's purpose is evident and so that laymen may understand. The project title is often used on its own and should therefore be formulated with care.

### Abstract in English (max 2000 characters)

The abstract should be able to stand on its own, which is why you should make no references to other parts of the application. It is also important that laymen can understand the abstract.

## Time plan

Postdoc funding covers two years.

## Forte's main subject areas and subareas

Choose a suitable main subject area and a subarea for your application. Click first on the +- button to open a new line. Choose a main and subarea. Click on the +- button to the right under the subarea in order to save. Forte reserves the right to reclassify your application.

## Alternative subarea

You have the option to choose an alternative subarea for your application. This subarea can have another main subject area. Click first on the +- button to open a new line. Click on the +- button

to the right under the subarea in order to save. Forte reserves the right to reclassify your application.

### Coordination area

Forte has a national coordination responsibility for research in several areas. Choose one of these areas if they apply to your application. If none are applicable for your project, choose the option no coordination area.

### SCB-codes

In order to facilitate future analysis of research funded by all Swedish research funding agencies, all applications are classified according to Statistics Sweden's standard. Click first on the +- button to open a new line. Make a three level classification of your application. Click on the +- button to the right underneath level three to save.

## PhD Thesis and Degree Certificate

### Examination date

Fill in the date that you received your doctoral degree between 2015-01-01 and 2017-02-01.

For deductible time, such as parental leave or military service, Forte requires a certificate. The certificate should be sent as an attachment to [forte@forte.se](mailto:forte@forte.se) by the 3<sup>rd</sup> of February 2017. In the email, the reference number ('diarienummer') of your application should be clearly stated (the reference number is obtained in Prisma after the deadline of the call has passed, your application should therefore have a reference number on the morning of the 2<sup>nd</sup> of February). Concerning parental leave, the certificate should be from Försäkringskassan, in exceptional cases where this is not possible please send a certificate from your employee. It is important that you, in your project description also state that you have deductible time and that a certificate is sent in separately.

### Title of the PhD thesis

Write the title of your PhD thesis.

### Academic field of the PhD thesis

Fill in the academic field of your PhD thesis, e.g Sociology.

### Abstract of the PhD thesis (max 20 000 characters)

Summarise your PhD thesis. If the PhD thesis is a compilation thesis, start off with a list covering the various pieces of work including information about authors and publication status (with name of the journal if accepted).

### Attach a degree certificate for your PhD thesis as a PDF.

If you don't have a degree certificate, attach an attested copy of completed degree requirements.

## Project description

Describe the planned post-doc project in the project description and not the PhD thesis.

### Background, purpose and research questions (max 5000 characters)

Outline the background for the project as well as the purpose and specific research questions.

### Previous Forte grant ref. number

If Forte has funded all or parts of your research described above, please state the reference number. State the reference number for previous research projects, junior research grants, postdoc grants, program grants and Forte Centers.

### Significance for research area (max 2500 characters)

Describe the significance of the proposed project for the research area. Clarify what new knowledge the project will produce. The project's originality will be assessed.

### Study design and method (max 5000 characters)

Describe the study design, material and methods. Also describe which data will be used, how the data collection will be undertaken and the principles and methods for data processing and analysis.

### Gender and diversity (max 2500 characters)

Comment on the application's gender and diversity perspective. Ethnicity and socioeconomic status are aspects that are included in the diversity concept.

### Work plan (max 5000 characters)

Please describe clearly what is going to be done and how the work will be organised. Cooperation with other researchers is described here. The work plan should be written so that the reviewers can appraise the feasibility of the project.

### References for the project description (max 5000 characters)

Only state references used in the project description. List publications intended to strengthen your research competence under the page Publications.

## Dissemination and cooperation

### Societal relevance (max 2500 characters)

Comment on the relevance of the project to society's needs and to Forte's areas of responsibility. Describe possible fields of application of the results, in other words, plans for implementation and utilisation.

### Knowledge dissemination (max 2500 characters)

Describe your plans at this stage regarding scientific publications and how information about the project and its results will be disseminated outside the scientific community.

### Cooperation (max 2500 characters)

Comment on the project's collaboration with representatives for relevant organisations, authorities, users or other actors. This concerns cooperation with actors primarily outside the scientific community. Cooperation with researchers is described in the field Work plan. If you do not have plans for cooperation please comment on the reasons why not.

## Budget

### Running Costs

Post-doc grants are 800 000 sek/year for two years. You do not need to specify the budget more than inputting one row of 800 000 SEK per year.

### Total budget

Do not enter anything in this table. Information entered into the Running Costs table is automatically transferred into this table.

## Other funding for this project

Fill in all funds that have been applied for or received by the project. This includes e.g. funding from private foundations, funding from universities and county councils.

## Commitment institution

### Attach a certificate from the host institution

Attach a certificate from your institution stating that you are welcome to undertake your research there. The certificate needs to be signed by the head of department or an equivalent person.
